As the outgoing Minister of Agriculture I would like to thank you all for doing such a fine job of providing me with the necessary information, back-up and support during the past 3½ years.

You have been called upon to deliver an enormous number of new programs while at the same time maintain your usual high level of service to our primary producers.

I am very proud to have served the people of Alberta as Minister of Agriculture.

A special thank-you to you all for making my term a rich and rewarding experience and I know you will be equally supportive to the new minister.

Yours truly,

A handwritten signature in cursive script that reads "LeRoy Fjordbotten".

LeRoy Fjordbotten
MINISTER OF AGRICULTURE
